ATTENDANCE IS COMPLIMENTARY. The roundtable format provides the opportunity to discuss common issues, share ideas and best practices and network with peers. The agenda and content is based upon the issues and topics submitted by the attendees in advance of the meeting. Continuing professional education (CPE) credit is provided.

All roundtable events will be held on Sunday, August 26, 2018.

Once confirmed and slated, you will be asked to complete an "agenda" poll to help shape the discussion.

Learning Objectives: All attendees will have input to the agenda in advance in order to ensure the topics are relevant and meaningful. In this session, participants will: 1. Examine topics consistent with the field of healthcare internal auditing 2. Develop recommendations toward best practices in healthcare internal auditing 3. Experience a forum for interaction between experts on topics relevant to the theory and practice of healthcare internal auditing 4. Develop clear consensus statements that define best practices in healthcare internal auditing.
